

“I hope to strengthen my capacity and skills in development issues and transfer this knowledge back to other members of my organization. I aim to better serve the rural communities affiliated with our organization.”

Benjamin Feh

*Chief of Section For Rural Engineering and the Improvement of Livelihood In Rural Areas
Ministry of Agriculture and Rural Development, Cameroon*

The focus of my work is to improve livelihoods in rural areas. I mobilize, design, supervise, monitor, evaluate, and fund-raise for rural infrastructure projects. I also implement government action in the area of rural development.

The main goal of my organization is to improve livelihoods in rural areas through specific infrastructure projects such as: the development of rural water supply, farm to market roads, community halls, rural electrification, and various other maintenance and rehabilitation initiatives.
