*Assistant Programme Officer  
Women for Change*

As Assistant Programme Officer in the Traditional Leaders unit I facilitate workshops to chiefs and village headpersons on issues of human rights, gender, HIV/AIDS, development and popular education methodologies. I also develop Training Handbooks and I.E.C for the communities on the issues that we train them.

Women for Change (WFC) is a Zambian gender focused NGO working with communities, especially women and children, in rural areas to contribute towards sustainable human development using popular education methodologies. We are working and empowering remote rural communities, especially women, to contribute towards sustainable development and the eradication of all forms of poverty.
