I work mainly in the field of agriculture and food security in a project called “promotion of food security and ensuring a sustainable impact in the area of poverty reduction through system of rice intensification”. This program aims at promoting a method of rice cultivation having certain basic principles.

I am involved mainly in coordinating our NGO partners in Manipur and organizing planning workshop training for coordinators and farmers.

Development & Relief Department is one of the sub-departments of Rongmei Naga Baptist Association grounded and inspired by the word of God and the faith that sees the world as God’s creation.

RNBA’s Development Department follows a holistic and inclusive development approach. Therefore, its mandate is to work for the poorest of the poor, the disadvantaged, the old, women and children irrespective of caste, creed, sex and religion. It believes that their empowerment is the key to their transformation.
