

I came to Coady to learn new skills and gain a better understanding of methodologies that will enhance my organizational performance.

Michael Ebofin

Programme Officer

Justice, Development and Peace Makers' Centre, Nigeria

I work as a programme officer in the Department of Democracy and Good Governance. With the assistance of my team members, I facilitate civic education training for selected persons and other stakeholders in our project zones.

I organize seminars at selected local government areas in our project zones and form good governance committees through the seminars. We empower the members of the committees to function at a high level.

The Justice, Development and Peace Makers' Centre, Osogbo is a faith-based NGO and charity. It carries out the prophetic mission of the Catholic Church in our society without any bias to race, gender, religion, language and colour by acting as the voice of the voiceless and light of the world. The Church's efforts are in the areas of democracy and governance, human rights, sustainable rural development, environmental education and action, preventative health awareness (HIV/AIDS), women's empowerment, youth development, social justice, and peacebuilding.
