

I came to Coady to strengthen my skills to better guide the policies to meet the needs of the vulnerable in my society and to help them be more empowered.

Gail Alison Henry Lewis

Programme Officer

Department of Social Policy, Research & Planning, Ministry of Social Transformation & Human Resource Development, Antigua & Barbuda

I coordinate and perform the administrative and technical activities related to social programmes, in collaboration with stakeholders. I assist with collecting data through personal meetings and focus group discussions. We facilitate the establishment of micro enterprises and provide micro financing as a means of reducing poverty.

I work with local partners, regional and international agencies to meet this end.

Essentially the department guides all of the government's social programmes. It conducts periodic surveys which allow for improvements in service delivery for the beneficiaries while reducing unnecessary waste.
