

*I am here to acquire more knowledge and skills in the field of leadership and development to enhance my delivery of services to the constituency I serve.*

# Crissy Mupuchi

*Regional Coordinator-Southern province*

*Youth Vision Zambia, Zambia*

I build and maintain relationships with key stakeholders in the province while working as a member of the team in carrying the organisation profile both locally and internationally. I supervise and coordinate all project activities and staff. Duties include advocacy campaigns on behalf of the organisation and partners, resource mobilisation and management and submitting timely reports to donors and head office. Other duties include: conducting trainings and facilitating community activities; regular communication, both internal and external; and collecting and analyzing data for decision making.

Youth Vision Zambia is a youth-oriented national NGO working to empower young people with evidence-based information on sexual reproductive health and general youth development. This helps them make informed choices and acquire competence, values and skills that will carry them forward as successful and responsible citizens. By avoiding choices or behaviours that will limit their future potential, our youth will positively contribute to the general development of the country.
