*Founder and executive director*

*Divine Waters Uganda, Uganda*

- Provide clean and safe water through well drilling, rain water harvest, biosand filters and solar filters
- Skill training for repairs, operation and maintenance of health and hygiene facilities
- Evangelize and empower Christian leadership through local churches
- Promote educational support through apprentice programs and child sponsorship
- Provide adequate sanitation-latrines construction
- School and community health and hygiene
- Research

Divine Waters Uganda is an NGO established in 2001 to provide water, hygiene, sanitation, evangelism and child education through good and faithful managerial practices. Since 2001 we have constructed 663 water wells, 16 spring boxes, 288 latrine stances, 52 rain water jars, trained 213 pump repair mechanics, trained 3,200 health promoters under vision of “A whole being living with hope in a healthy community environment”, and motto of “Transforming communities in Jesus’ name”.
