

I am at Coady Institute to enhance my knowledge of building strong communities, as well as strengthening my skills in the area of advocacy, partnership building and training.

Ochuko Angela Ege

Strategic partnerships manager

Africa Blind and Restoration Foundation, Nigeria

My work includes developing partnerships with the private and public sectors, advocating support for policies as well as mobilizing resources for the visually impaired. I also advise on communications strategy.

ABF is a foundation which works to prevent blindness through information and support, as well as the education and encouragement of the visually impaired in Nigeria. The foundation provides assistive technology to ensure that those who are visually impaired are not excluded socially or economically. We also facilitate inclusive education for children with visual impairment, as well as catering for elderly and extremely poor members of the society who are affected by blindness.
