

*I came to Coady to learn so many things and add value to what I already have and share experiences from other development practitioners.*

*I hope I will take away important skills that would help me to be a good leader.*

*SOS Sahel Ethiopia, Ethiopia*

My activities include staff communication, project reviews, budgeting and monitoring project activities and making necessary changes.

SOS Sahel Ethiopia is a national NGO and has more than 24 years of rural development experience. It envisions a world without poverty and is dedicated to improving the living standards of smallholder farmers and marginalized pastoralists through better management of their environment. The work of SOS Sahel focuses on sustaining and restoring the environment, securing livelihoods, strengthening market value chains, saving lives, social inclusion and strengthening documentation.
