

*I came to Coady because staff offer such a wonderful leadership program. I would like to gain that knowledge so I can help pass it on to others.*

## Desnawaty Uten

*Program manager conservation*

*Yayasan Planet Indonesia, Indonesia*

Yayasan Planet Indonesia is a small organization that started in 2015. Already, we have introduced programs such as youth camp training, environmental awareness in schools, bird monitoring in markets and weaving training. I worked on the lesson plan for the materials to be shared with the schools.

Yayasan Planet Indonesia is dedicated to the conservation of earth's ecosystems by facilitating productive economic activities in marginalized communities that preserve natural habitats and cultural traditions. Our approach is unique in that we partner with communities to identify profit-making opportunities and support them to create their own business models. Planet Indonesia is also working on the sharing of environmental issues with students at three schools in Kubu Raya District.
