

*I am honoured to be part of the 2015 cohort of the Global Change Leaders program. I came to Coady to gain more knowlege to inspire others.*

# Estellina Namutebi

*Lecturer*

*Experto Community Based Organisation (ECBO), Uganda*

I am a full-time lecturer at Uganda Martyrs University in the School of Arts and Social Sciences, where I teach in three campuses. I have a support team for my organisation, which meets each month. I do all the paper work, but I have trained my team members how to do different activities when I am not around. We cooperate and support each other to continue serving the world.

Experto Community Based Organization is a not-for-profit organization that promotes the participation of rural households in biodiversity conservation and environmental management. ECBO started operations in January 2013, geared towards promoting proficient maintenance of ecological vitality through indigenous tree reforestation in Nalutuntu Sub-County. We have so far planted 5,000 tree species, with the great support and collaboration of local leaders and farmers.
