

I came to Coady to improve my leadership skills as a woman and make new friends and partners in creating a better world.

Purity Wanjohi

Founder and project manager

Mazingira Safi Initiative, Kenya

I am the founder and project manager of the organization. My roles include leading the management team, liaising with and managing stakeholders and partner organizations and developing strategic plans and implementation strategies of MSI.

Mazingira Safi is a community-based environmental organization that inspires communities to care for the environment while creating employment for women and youth. We do this through monthly cleanups, environmental awareness campaigns, waste minimization and recycling. All our activities revolve around three C's- Community, Culture and Capabilities.
